EXPERIENCE

CSAA IG (AAA) | Glendale, AZ - Software Engineer III | *May 2022 - Present*

- One of 4 UI developers that built a revamped customer portal application from the ground up, seeing it through from its inception to its release in each state.
- Collaborate with Product Owners, QA, and other engineers across teams to ensure we deliver high-quality applications to our customers in a timely manner.
- Ensure our applications meet the highest accessibility standards by creating accessible features and acting on feedback provided by a third-party accessibility auditing company.
- Continually learning and implementing new and modern technologies to ensure our applications meet the standards of the ever-evolving tech landscape.

ClickUp | San Diego, CA - Technical Support Specialist | *June 2021 - May 2022*

- Identify bugs in the product and create thorough bug reports for engineers while maintaining constant throughout the lifecycle of the fix.
- Navigate the unpredictable environment created by a "build fast" development strategy while consistently remaining a top performer.

Donor Network of Arizona | Tempe, AZ - Eye Bank Coordinator | *Jan 2018 - June 2021*

- Operate in multiple professional capacities as one of only four eye bank employees in AZ to successfully meet the demands of ocular surgeons around the globe.
