EXPERIENCE

CSAA IG (AAA) | Glendale, AZ - Software Engineer III | *May 2022 - Present*

- One of four UI developers that built a modern customer portal insurance application from the ground up, seeing it through from its inception to its release in each state.
- Collaborate with Product Owners, QA, and other engineers across teams to ensure we deliver high-quality applications to our customers in a timely manner.
- Ensure our applications meet the highest accessibility standards by creating accessible features and quickly acting on feedback provided by a third-party accessibility auditing company to maintain our accessibility badge.
- Continually learning and implementing new and modern technologies to ensure our applications meet the standards of the ever-evolving tech landscape.

ClickUp | San Diego, CA - Technical Support Specialist | *June 2021 - May 2022*

- Identify bugs in the product and create thorough bug reports for engineers while maintaining constant communication throughout the lifecycle of the fix.
- Navigate the unpredictable environment created by a "build fast" development strategy while consistently remaining a top performer.

Donor Network of Arizona | Tempe, AZ - Eye Bank Coordinator | *Jan 2018 - June 2021*
